**RESPONSE TO OFFICE COMMUNICATION OF Sept. 8, 2006
WITH PROPER STATUS IDENTIFIER**

Petition is made for a two month extension of time to re-submit the claims with
proper status identifier.

All claims, including withdrawn claims are now listed. The status descriptions
are corrected. The number 154 was used twice for claims and the claims have been
renumbered so it is used once. Claim 168 was duplicated and that was corrected.

In the earlier response to the Office Action of November 21, 2005, an election was made to Species XII: Embodiment of Fig. 11A-11C. The prior responses are adopted by reference except the claims and reference to claims status are presented properly.

Amendments to the Claims

Claims 1-122 are withdrawn. Applicant has retained the right to present the method claims set out in claims 118-122 in a divisional application, and preserves the right to present the unelected claims. New claims numbered 123-142 were presented in the prior office action. Claims 123-142 are withdrawn, though the right to present other species in a divisional application is reserved.

Claims 143-175 are presented as new claims.

The claims are presented at the end of this document.

Respectfully,

/Brooke Schumm III/ _____ /s/ Brooke Schumm III
